
LA PROTECTORA & CO
CORPORATE GIFTS - Designed with passion for quality.
Ideas with a tangy twist. Fresh. Bold. Tangy.

ABOUT US

Born from a creative space.
Built with intention.

La Protectora & Co is rooted in our CoArtisan showroom in Palma, where artisans, designers and handmade pieces live together in one curated space.

Alongside it, our **creative agency** brings brand thinking, aesthetics and coherence into everything we do.

This is where our gifting line is born:
artful, design-led giveaways crafted with soul.

WHAT WE DO

Not generic. Not forgettable.

We design and curate **custom gifts and branded giveaways** that go beyond catalog products and mass production.

Each piece is:
– thoughtfully selected or created
– aligned with your brand identity
– finished with intention and aesthetic coherence

Because gifting is not about objects.
It’s about what they make people feel.

OUR PHILOSOPHY

Design-led. Meaningful. Made to last.

Our gifts are crafted through a balance of:
craft · culture · contemporary design
Produced with skilled hands and careful processes, every piece carries character and purpose.
Human. Honest. Well made.
Objects designed to be kept — not discarded.

WHY IT WORKS

Because people remember how something made them feel.

Thoughtful gifting creates:

- Emotional connection
- Stronger brand perception
- Memorable guest and client experiences
- Objects that stay, instead of being discarded

When design, culture and intention come together, a simple gift becomes part of a story people keep.

OUR PROCESS

From idea to object, with intention at every step.

1. **We listen**

We understand your brand, your audience and the moment you want to create.

2. **We curate & design**

We select or create pieces that align with your identity and message.

3. **We customise**

Branding, packaging, storytelling — every detail is considered.

4. **We craft & deliver**

Produced with care, finished with soul, delivered ready to be experienced.

Because the magic is not just in what you give but in how it’s imagined, made and presented.

CUSTOM-MADE JEWELRY &
SPECIAL INVITATION PIECES

DESIGNED TO BE REMEMBERED

Some moments deserve more than a standard gift.

They deserve a piece designed just for them.
We create bespoke jewelry and special invitation objects conceived as meaningful keepsakes designed to mark a moment, tell a story and be kept long after the event has passed.

From custom jewelry pieces to invitation-gifts that blur the line between object and experience, each project is developed from scratch, combining concept, material, design and detail. Always tailored. Always intentional.

Crafted in close collaboration with our clients and makers, these pieces are designed to feel personal, refined and quietly unforgettable.
Because the most powerful invitations are the ones you don’t throw away.

AN INVITATION CONCEIVED AS AN EXPERIENCE

Exclusive invitations can be designed and crafted as symbolic objects, setting the tone and anticipation before the event begins. Through carefully chosen materials, forms and subtle details, each piece reflects the story and spirit behind the project.

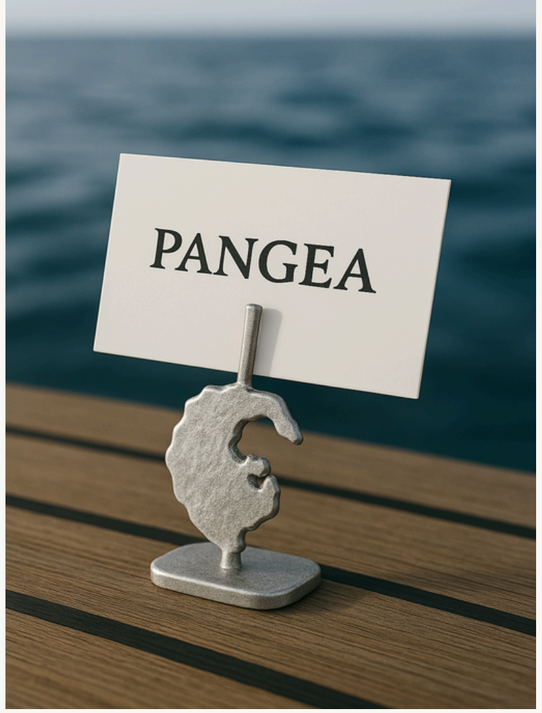

Paired with a refined invitation card, these designs become keepsakes — meant to be kept, not discarded.

ENGRAVED KEEPSAKE

A refined gold money clip engraved with PANGEA 2025 — commemorating the inaugural voyage of the yacht. Elegant and functional, it serves as a discreet everyday object with lasting meaning.
Crafted with clean lines and a timeless shape, this piece is a subtle reminder of the journey shared and the moment marked.

NAME CARD PLACEHOLDERS

Personalized name card placeholders designed to add a refined, thoughtful touch to the table.
Adaptable in form, material and finish, they can be created to suit different settings, styles and occasions from intimate gatherings to larger events.

Each piece is designed to feel intentional, elevating the experience through detail.

CUSTOM-MADE JEWELRY

Jewelry designed as a way of telling your story.
Each piece is created from concept to final form, translating meaning, moments and values into wearable objects. Materials, shapes and details are carefully chosen to reflect what makes each project unique.

More than an accessory a personal narrative made to last.

CLASSICS, REVISITED

TOTE BAGS

Tote bags are the go-to choice when you want packaging that stays with your clients and can be reused wherever they go.

Our tote bags are made from 100% cotton canvas or twill and customized through a hand screen-printing process, giving each piece character and durability.

These are our standard sizes, but special measurements can be produced upon request.

CAPS

Who said caps had to be tacky?

Reimagined with intention and design, caps become a contemporary fashion asset versatile, wearable and effortlessly cool. A functional piece transformed into a statement, where branding feels natural rather than forced.

Designed to be worn, reused and styled beyond the moment.

Because good design belongs everywhere even on a cap.

DRAWSTRING BAGS

Drawstring bags are ideal for presentations and deliveries, and designed to be reused long after they’re received.

They are made from 100% cotton textiles and customized through a hand screen-printing process, giving each piece character and durability.

The sizes shown here are our most requested, but if your project requires a custom size, our team will be happy to help you with a tailored quote.

TEXTILE LABELS

Textile labels are a beautiful way to personalize garments and products using an original, tactile material.

Made from 100% cotton tape, they have a soft, gentle texture to the touch. Due to their small format, customization is limited to one side and one ink colour, with a minimum order of 200 labels.

As a delicate textile product, the edges may fray if not handled with care — a natural characteristic of the material.

Thoughtful details that add identity and character.

TISSUE PAPER

Our tissue paper speaks for itself. A refined finishing touch that elevates any gift.

All products include one-colour printing. The default paper colour is white

ADHESIVE TAPE

Our adhesive tape is the perfect way to add your unique touch and make your brand present from the very first moment.

A small detail that makes your packaging unmistakably yours.

Thank you!
